# PREMIUM COLOURS

Stonkote coatings are available in standard (in-stock colours), as well as a broad range of premium colours (made to order and with a slight upcharge). We will also formulate custom colours with additional lead time, minimum order requirements and a nominal charge. Stonkote coatings increase the abrasion and chemical resistance of your Stonhard floor, while improving cleanability. [Click here to go directly to Stonhard's Digital Colour Visualizer.](#)
