

BILINGUAL ESTIMATOR

STONHARD

STONHARD, a subsidiary of RPM, has been the leading manufacturer and installer of high-performance, state of the art, seamless floors, and lining systems for commercial and industrial markets for nearly a century. We are anticipating continued growth and currently have a rewarding position as a Bilingual Estimator in our Whitby office.

Why Work for Stonhard?

We are the global leaders in this marketplace, and passionately believe that our success is created because of the great people who make it happen. We are a single-source company committed to our customers. We design, engineer, and provide cost-effective solutions, helping to maintain and enhance existing facilities and infrastructure, while planning and specifying for new projects.

During a global pandemic, Stonhard has been able to continue our high level of service to our customer's needs which has deemed us an essential service provider.

Preferred Job Qualifications:

- *Fluently Bilingual in both written and spoken French and English*
- *Competence in Computer-aided design (Planswift & AutoCAD)*
- *Knowledge of Ontario Building Code Standards*
- *Understanding of materials and methods of construction*
- *Excellent Organizational Skills – Ability to Multi-task*
- *2 years of experience estimating a wide range of construction projects*
- *Experience involving reading specifications and drawings*

Nice to Have Skills

- *Professional Certification – PMP, Construction Estimating*

**** Stonhard will accommodate people with disabilities as required. If you require any accommodation through the hiring process, please let us know.***
